**Orchid Room**  
Authentic Thai Cuisine

Thai Orchid Room invites you experience new and contemporary flavours with our Spring seafood feature. Stimulate your senses with our Chilean sea bass- topped with fresh vegetables and drizzled in a black bean ginger sauce. Or take in our arctic char, mahi, or tantalizing, fresh crab every Friday and Saturday for our crab feature night. We welcome you to our restaurant where we offer a unique dining experience, integrating the most pleasing flavours in each dish, beautifully and carefully presented for you.

On our menu you will find an abundance of appealing dishes, ranging from coconut milk soup to regional Thai curry, to your own stir fry or pad Thai creation. Our chefs will happily accommodate any dietary restriction whether it's nuts, seafood, vegetarian, vegan or gluten-free.

From the elegant intimacy of the dining room, to the warm easy service and authentic cuisine, we are constantly striving to ensure that our menu is cutting edge by incorporating trending culinary techniques so that we can delight each and every one of our guests.

Whether you are celebrating a family event, meeting clients over lunch, or having a romantic dinner for two, Thai Orchid Room is the destination that will deliver culinary satisfaction like you've never had before!
